Copy this page for your Student

NEOSEF - Form 1B (required by all applicants)

Section 4. Abstract Include a brief summary of your project. The summary must contain the question or problem the project addressed, your hypothesis or goal, a description of the methods used and the important finding(s) that resulted from your research. If you are unable to fit everything in the space provided, one additional page may be attached. **This section must be completed or your project will not be accepted.**

Section 5. Signatures

A.) *Student Signature:* I certify that I was the only student involved in the design and execution of this project, and it is not the work of two or more students working together as a team or group. I have followed all NEOSEF rules and guidelines and have understood the risks and possible dangers to me in conducting my research.

Student's Printed Name _____ Signature _____ Date _____

B.) *Parent/Guardian Signature:* I have understood the risks and possible dangers to my child while conducting his/her research. I have consented to my child's participation in this project and in NEOSEF. I am also aware that my child may be photographed by NEOSEF and/or the news media during the event. *If you object to your child being featured in a photograph or by the news media, please check the box and intial:* ☐ _____

Parent/Guardian's Printed Name _____ Signature _____ Date _____

C.) *Teacher or Adult Sponsor's Signature:* I have read the student's research plan and explained the risks and possible dangers to the student researcher prior to experimentation. I assume reasonable responsibility for the student's compliance with all NEOSEF rules and guidelines. (See NEOSEF handbook or website for rules.)
